PLANT

A CHURCH FOR £69

6 new bicycles for India

Our vision is to equip hundreds of evangelists with bicycles to reach thousands of villages in Africa and the Far East.

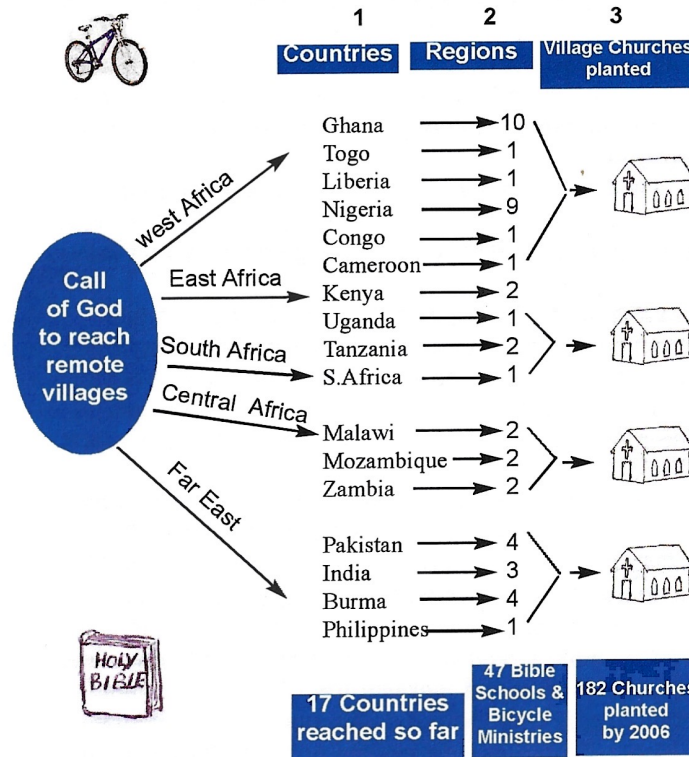

These evangelists are reaching the unreached who have NEVER HEARD THE GOSPEL simply because there are no roads to the villages. ONLY A BICYCLE CAN GET THERE as it is often too far to walk.

In 2005 we reached 300 villages with 22 bicycles and planted 34 churches. In 2006 with a further 100 - bicycles a 182 churches were planted. We urgently need more bicycles to keep up with what the Lord is doing.

£69 will buy a bicycle megaphone and 2 bibles and on average 1 bicycle is enabling 1 evangelist to plant on average 3 churches per year.

STEP OUT IN FAITH BIBLE SCHOOL AND BICYCLE MINISTRY 3 Step Plan

1. Plant Step Out In Faith Bible School in each country under the head pastor in Africa and Far East.
2. The head pastor of each country networks across denominations in each region of the country to plant regional Bible Schools to train evangelists & equip them with bicycles & Bibles.
3. The trained evangelists then go into the remote villages on bicycles to preach the gospel, plant churches and disciple the new believers.

If we can supply sufficient bicycles to equip each region in each country, each region will go into every village with the gospel.

This means that within 5 years every village of these countries can be reached with the gospel.

Results of the ministry

GHANA Pastor David Botchway started his first Bible School and Bicycle Centre in Accra at the end of 2005. He then went into all 10 regions of Ghana and has planted a Centre in each region.

David has also planted a Bible School in Togo and Liberia. He needs a canoe for the Delta River region to reach the river villages.

NIGERIA. Pastor Oladipo has planted a small Bible School in Lagos and is also planting a Bible School in the Congo where there is so much need.

Students studying in Lagos

Pastor Cyrus has also planted 7 Bible School groups. Pastor Henry Coles in another province & in Cameroon.

KENYA. Bishop Domnic has planted 2 Centres in Kenya, and 2 in Tanzania. He needs 40 bicycles.

CENTRAL AFRICA. Malawi, Mozambique & Zambia. Centres are growing monthly under various pastors where travel is difficult for one pastor to operate over all the Centres.

PAKISTAN. We began in March with one Centre; by August three more have been planted in three more cities and fifty nine House Churches have been started.

BURMA. We visited Burma in October and planted four Centres in four different regions.

PHILIPPINES. Bishop Blanco who founded the Bible School continues to train students and needs some transport.

INDIA. Pastor Simon Peter opened his new Church Centre in December 2006. He has already sent out evangelists on five bicycles. Thank you for sending a further six bicycles.
