

#### UGANDA AND KENYA. EVANGELISM BY THE STUDENTS.

Once a month all the students go out to evangelise on the streets and are winning many for Christ. First they pray then split up into groups and walk into the villages to witness for Jesus. Next they split again into twos and give out tracts to the people and go door to door. They then give the Gospel Message and pray for the new believers they win to Christ. On 9 of October 31 people came to Christ in Kisumu and 63 came to Christ in Narok in one day.

#### LATEST FROM SUZANNE.

I went for a walk in the mountains of North Wales. I felt the Lord say 'Stop' 'What do you hear?' The sound of rivers Lord.' 'How many do you hear?' 'At least four, one from every direction.' John 7. 37 If any man thirst, let him come to me and drink. Any man who believes in me as the scripture has said out of his heart shall flow rivers of living water. 'These are the natural waters flowing from the mountains that you hear. But many stones of hurts, unforgiveness, rejections, abuses, fears and many other things are blocking up my rivers from flowing out from my people's lives.' I want to use you to help unblock my rivers from my people so that they may flow forth like these mountain rivers.' 'How' I asked.' Start with your own life'

I remembered that. Visiting the dungeon where Apostle Paul was kept prisoner on his way to Caesarea. I entered the dark damp dungeon, and saw a sunbeam shine through the narrow slit of the window onto the fallen pillar. I first noticed the dust particles dance in the beam and then thought. Not even dungeon doors could stop the rivers of living waters flow from Paul's life. That is where he wrote his epistles to become part of our Bible today. I wondered how many millions have come to Christ through his teaching. And Then I looked to Myself and said 'Lord! There is not even one drop of water coming out of my life! Please Lord show me how to change. Please Lord help me to flow at least some streams out of my life.

The Lord heard that prayer and did something about it. He has changed my life so much. He first sorted out my own fears and rejections and then opened up this wonderful ministry to me. The Lord suddenly caused invitations to come my way this autumn. I have never done so much ministry in the meetings or seen so many set free by this new command from the Lord. I will be doing the full message from 11 to 13 of November at the ranch retreat. Do come if you can. You will not be disappointed. God bless you and thank you for being partners with us.
