Dear Suzanne.

Greetings in the name of Jesus Christ.

I hope you are doing fine in the lord.

How was your journey back home lam here in Blantyre, I want to check if the check has come

We have seen a very big difference to our church. These two back sundays, many people came to join us. Now over 30 people have joined us. The church now is small to us. please pray for us.

A man with leprosy is now walking without his stick, praise the Lord. And the woman with Aids is having no problems, and many people were healed from their sicknesses, they are coming to my home to witness.

Please remember to talk to David Hathaway about my request of being under any pentcostal denomination in UK and that course you talked about and literature etc.

I would like to here from you today.

Merry christmas to you all,

Duncan Nyozani
