Ministry Update

Thank you so much for those who gave towards the bicycles. We raised 244 bicycles towards the 1,000 Evangelists who graduated on the first week of April. In India we gave the bicycles to the older evangelists who had to walk very long distances and the most urgent needs of the younger evangelists who had to walk over 30 miles to get to the villages.

1,160 churches have already been planted for the 6,984 new converts, of whom 3,012 have already been baptised. We now have the challenge to raise bicycles for the next 1,000 who graduate at the end of June.

Bible schools no. 1, 2, 3 & 4

At the end of August, we will visit

Uganda, where 432 evangelists graduate and they need 15 bicycles and we are still waiting for the numbers of graduates to come in from the other bible schools that we will also visit on this trip.

Faith Orphanage India

In January 2008 we reopened this orphanage that had closed down due to lack of funds to feed the children and pay the mortgage. As a result they put the children onto the streets to beg for food. One of these children came into the church service that we were speaking at, to ask for prayer against nightmares. He had nightmares nightly of losing both his parents through death and then the orphanage closing down, causing him to have to sleep on the streets.
