224 Evangelists graduate at National Pastors Conference
 833 New students enrol for 2008 studies

Step out in Faith Bible School of Evangelism receives "Certificate of Recognition" from the United Bible University of India, and "Registration" from the Government of India.

In January 2008, 224 Evangelists graduate at the National Pastors Conference, plus 936 new students enroll for 2008 studies, full-time to graduate at the end of March, in order to reach 10,000 villages this year.

After a very full and exciting conference (where the certificates were given out) they were anointed and presented with bicycles. By the end of March the next 936 evangelists will be ready to receive their bicycles. This leaves me with the biggest challenge I have ever had, to try and raise \$65,520. That is \$70 per bicycle to enable the 10,000 villages to be reached this year. All is very well organized and Rev Ganta is doing a very impressive work.

Please, please help in any way you can.

2,000 RESPOND TO CHRIST.

In three crusades in India, over 2,000 respond to the Gospel message as Suzanne preaches more boldly than ever. She shares the only God from Heaven as superior to every other god on earth who represent things of the earth, animals, reptiles or nature. She then tells them how the only God of Heaven created man in His own image.

She challenges them whether they would like to be created in the image of any god representing the earth. They all said no. Then she asked if they were happy being created in the image of the God of Heaven and they all screamed yes, as connection was suddenly made with their true creator.

Suzanne then asks them to send up someone very sick and a 13 year old girl born deaf and dumb is brought up. JESUS HEALS HER INSTANTLY and as a result they all receive Jesus as Lord and Savior.

Latest news — We now have 3,000 students who have enrolled for the "Step Out In Faith School of Evangelism" this year from all over India. If we can raise all the bicycles needed, then 30,000 villages will be reached. It seems that the Lord is accelerating His work and He has told me not to limit Him.
